

Amendments to the Drawings

The attached drawing pages include changes to Figures 1, 2, 3 and 7. These four sheets replace the original sheets including these figures. Because the office action referenced the drawings of January 2, 2002, a complete set of the corrected drawings filed May 14, 2002 are submitted.

The drawings have been corrected to properly illustrate rear tracks 106 and a mounting pin 109 in Figure 1, to correctly show 105 designating the latch in Figure 2, to correctly label the film cassette as 15 in Figure 3 and to number upright restraint 30 in Figure 7.
